

CLIENT TESTIMONIAL

GOWYD

“

I have had the 2 e for about 3 years now. The antenna has performed beyond what I ever imagined. The SteppIR 2E has been, and still is working like a dream! I have had bigger antennas prior, and this SteppIR Yagi is the best I've owned. HOA issues have forced me to take this antenna down but I still use it in the field with great results!
