“

I am absolutely enjoying the SteppIR 3E Yagi with 40/30 loop, what a great improvement over the OCF Dipole I had up! I point my Yagi towards Europe in the early morning and the difference is amazing. In just a couple of hours over the New Year's weekend 2023/2024, I made contacts in Japan, South Korea, Taiwan, Russia, just north of the Chinese border off the Sea of Japan, England, France, Italy and Slovenia. Your product came highly rated from a long-time ham friend of mine from Arizona and I am so happy I followed his advice.
